NEWS DESK · 1 YEAR AGO

Dubai, UAE – Leaders in Digital (LiD) has emerged as the region's first and exclusive female-led SEO consultancy, headquartered in the UAE. Boasting a global team spanning the UK, Australia, Europe, and South

Africa, LiD has become a strategic partner for businesses, ranging from startups to multimillion-dollar corporations.

LiD's expertise covers a spectrum of Google Marketing platforms, including SEO, Google Ads, and various social media channels such as LinkedIn, Pinterest, and YouTube. Their data-driven approach has resulted in significant impacts for clients, including doubled online sales, reduced conversion costs, increased customer value, and enhanced brand lifespan. The consultancy's strategic processes have proven pivotal in transforming clients' marketing strategies.

Key Successes Include:

Higher Google Ranking: LiD aids businesses in achieving heightened visibility on Google, expanding their market reach.

Quality Leads Over Quantity: Prioritizing quality leads ensures clients attract higher-paying customers, contributing to sustained business growth.

Optimized Ad Spend: Through strategic optimization, LiD reduces Ad spend and cost per Sale, while achieving superior results for clients.

Empowering Women in Tech:

LiD stands as a beacon for collaboration and diversity in the tech industry. The all-female team, composed of highly strategic individuals, collaborates to ensure each member has a voice in strategic decisions, fostering an inclusive environment for professional growth. From working mothers to Gen Z members, everyone at LiD plays a crucial role in shaping strategies, creating a dynamic workplace. The consultancy's global presence accommodates its diverse clientele, offering a unique blend of expertise and cultural insights.

Dawn Kubicek, Founder and CEO of Leaders in Digital, stated, "In the ever-evolving business landscape, there are still many businesses that do not realize the power of strategic SEO and Google Marketing. Our commitment is to share insights and lessons learned over 22 years while fostering an environment where everyone can thrive and contribute to collective success."

LiD navigates the complexities of the digital landscape, creating impactful strategies that stand the test of time.
